

Dr. Juliette Cooper Visiting Scholar Program

We invite you to apply for the Dr. Juliette Cooper Visiting Scholar Program

Honouring Dr. Juliette Cooper's contributions to the University of Manitoba, the Dr. Juliette Cooper Visiting Scholar Program creates partnerships for research carried on in the College of Rehabilitation Sciences by inviting scholars from other universities, research centres, institutes or clinical centres who have expertise to share. Individuals selected for the Dr. Juliette Cooper Visiting Scholar Program will contribute to the overall college mission, that is: To create, disseminate and preserve knowledge in health, quality of life and participation through research, education and service to and in consultation with the community. While at the college, scholars will engage in research together with our faculty and mentor our graduate students. Visiting scholars will explore and contribute to the college through your research that aligns with our College Research Program (<https://umanitoba.ca/rehabilitation-sciences/research-and-scholarly-activity>)

Visiting Scholars may stay up to one year with possibility of one year renewal and will be provided with an honorarium, as well as an honorary appointment, library, office and fitness benefits.

Eligibility

- Faculty members or clinicians from post- secondary education institutions, research centres or institutes.
- Applications may be considered up to three years from date of application.
- Starting date as negotiated.

Application Process

February 1 | Submission deadline

March–May | Applications reviewed

June 30 | Applicants notified

September 1 | Submission deadline

October–November | Applications Reviewed

December | Applicants notified

College of Rehabilitation Sciences Information

The College of Rehabilitation Sciences has entry-level programs in physical therapy, occupational therapy and respiratory therapy, as well as an MSc program and a collaborative PhD in applied health sciences. We are situated adjacent to the Health Sciences Centre, a major teaching and research hospital serving Manitoba, Northwestern Ontario and Nunavut. Through a robust research program and long standing connections, the college has developed a strong relationship with the clinical community. With a rich history of research and graduate education in physical therapy and occupational therapy, the college is developing a strategy to grow a research program in the area of respiratory therapy.

Winnipeg Information

Winnipeg is the capital city of the Province of Manitoba, and is at the geographical centre of North America. Winnipeg is a culturally diverse city with more than 100 languages and nationalities represented throughout the region. There are 765,800 people residing in the city, with 842,900 people in the census metropolitan area. Although population makes us a medium-sized city, Winnipeg is known as one of the most cosmopolitan centres in Canada with no shortage of things to do. A robust arts scene features the Royal Winnipeg Ballet, Winnipeg Symphony Orchestra, Royal Manitoba Theatre Centre and Winnipeg Art Gallery, home of the world's largest Inuit art collection. There are also countless galleries and museums, including the Canadian

UM Information

Since 1877, UM has been driving discovery and inspiring minds through innovative teaching and research excellence. Proudly located in the heart of Canada, UM has a strong and engaged community of students, faculty, staff, alumni, donors and community partners. With more than 140,000 alumni living in 137 countries, our impact is global.

As of fall 2020, there are 31,020 undergraduate students attending UM in addition to 3,795 graduate students. We are culturally diverse with 20.5 per cent of students registering as international from 110 countries. Presently, there is 9,808 total staff, 5,730 academic staff, 4,078 support staff and 1,150 full-time faculty members. UM has 145,000 alumni living in 140 countries.

Museum for Human Rights, and a robust music scene. Winnipeg's restaurant selection is internationally renowned and features every type of ethnic dining imaginable. If it's sports you're after, Winnipeg is the home of the National Hockey League's Winnipeg Jets, Canadian Football League's Winnipeg Blue Bombers, American Association of Professional Baseball's Winnipeg Goldeyes and Canadian Premier League's Valour FC soccer club. Manitoba is also a mecca for camping, hunting, fishing, boating and lake life, with easy to access spots as close as a 30-minute drive. We have stunning, hot summers and brisk but beautiful winters, with the beauty of spring and fall in between.
